# TRANSLUCENT TANKS

Devan's full range of tanks are available from 600L to 30,000L! The Specific gravity range is available 1.0SG to 1.5SG and a select range of sizes is available with volume labels taking the guess work out when mixing fertilizer and spray or gauging the amount of colostrum you have.

Sizes available with Volume indication:

5,500L (NI)

5,000L (SI)

4,000L

3,500L

2,000L

Sizes available (NO volume indication)

600L

750L

1,000L

10,000L

15,000L

25,000L

30,000L

# MOLASSES TANKS

Devan's range of molasses tanks are available from 5,000L (7.5t) to 30,000L (45t). The Specific gravity of molasses is 1.45SG so requires a much stronger tank. The tanks come with 50mm and 80mm outlets for connections and ventilation as standard. A separate kit set is available including ball valves and camlocks for delivery and pump out as well as a sight glass to make the job easy.

Sizes available:

5,000L - 7.5t

10,000L - 14t

15,000L - 20t

25,000L - 35t

30,000L - 40t

0 to 10 bar

## Float Valve Cover:

Supplied Standard

600L

350L

# WHY CHOOSE DEVAN?

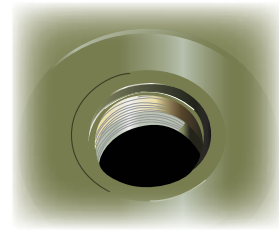

## OUR WARRANTY

Devan Plastics offer a no nonsense warranty on all our rural water products. Our products are manufactured to the highest standards utilising advanced technology and production procedures. Full installation guides are available to ensure your installation meets the warranty conditions.

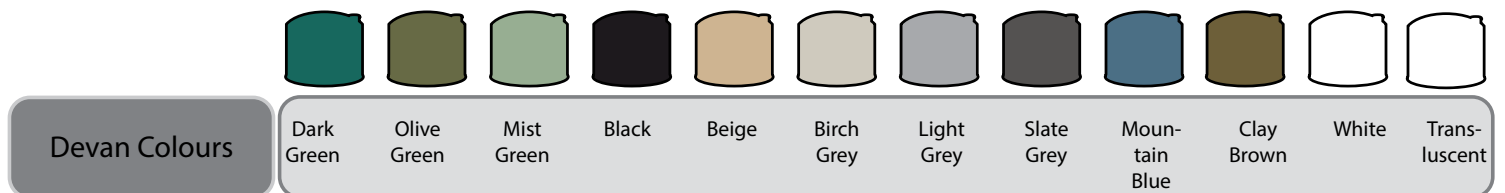

## MOULDED OUTLETS

Devan Plastics are the only tank that comes with brass moulded in outlets. Having metal outlets allows for an easy plumb that is solid and eliminates any risk of cross threading. Better yet, our big tanks come with two of them as standard!

## CERTIFIED MATERIAL

Devan products are manufactured from the highest quality food grade polyethylene which is ideally suited to our moulding technique giving long life and trouble free service. Polyethylene cannot rot or corrode, and is ultra violet stabilised for New Zealand's harsh environmental conditions. It will not leach or taint your drinking water.

Please note that the colours represented above are the best match possible within screen and printing variations.
